Supporting Evidence: The offender is alleged to have violated special condition number 9, by failing to report to PHS for urinalysis testing on May 30, 2024.

The probation officer received email correspondence from PHS indicating Mr. Cameron failed to report for urinalysis testing on May 30, 2024.

- 3 **Special Condition # 9:** You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

Supporting Evidence: The offender is alleged to have violated special condition number 9, by ingesting a controlled substance, methamphetamine, on or about May 30, 2024.

On June 3, 2024, the offender reported for a scheduled appointment at the U.S. Probation Office to discuss his failure to report to PHS for urinalysis testing on May 30, 2024. At that time, he submitted a urine specimen that returned presumptive positive for methamphetamine.

Initially, Mr. Cameron was adamant that he had not used methamphetamine when questioned by the probation officer. He ultimately admitted to methamphetamine use only after this officer informed him that the Court would be informed that he was untruthful with the undersigned if the urine specimen was thereafter confirmed positive.

The U.S. Probation Office respectfully recommends the Court issue a summons requiring the offender to appear to answer to the allegation(s) contained in this petition.

I declare under penalty of perjury that the foregoing is true and correct.
